BROW & LASH TINT

Argan Oil

Keratin

Active Color

BROW & LASH TINT

The lash and brow tint gives color and luminosity to the hair. It also gives volume and thickness. It intensifies the natural look during 2 months without using mascara.

Our tints have double action: as a tinting service but also as a treatment, due to its active ingredients such as **ARGAN OIL** and **KERATIN**. They repairs, strenghtens and hydrates the hair.

Moreover, due to the new formula **ACTIVE COLOR** we get a uniformed color that lasts our 6 weeks.

Dermatologically and ophthalmologically tested
