

Acorn Awards offers Kit Arrows

Below are the Kit Arrow products (Build the Arrow in one Den meeting!)

The arrow kits have a carved stone arrowhead, jet black feathers and include a coup feather. They are designed to be quickly assembled in one Den meeting by 10-11 year old boys so the cutting and staining is already done. The stripes, plaques and pennants are available also.

Arrow Kit with Plaque and Patch Pennant

Let's face it. Within a short time, all those badges of rank, belt loops and other awards that took years to earn will be lost in a drawer somewhere. Why not proudly display them and honor all the hard work by both you and your Scout? This lifetime keepsake includes the arrow your Scout creates, the personalized mounting plaque and the patch pennant with coup feathers. There is *no sewing* and it takes just a few minutes to create. Many Dens get together after the ceremony and have one last meeting to assemble their award pennants. [\\$39 for the complete set.](#)
