7350 HF High Foam Eco Degreaser

For Barbecues, Smokers, Outdoor & Indoor Areas

Constituents of the 7350 HF are found in the following
lists: US EPA Cleangredients*

US FDA Generally Recognized as Safe (GRAS – CFR Title 21
Food and Drugs, Parts 182, 184 & 582)

US FDA Secondary Direct Food Additives permitted in Food
for Human Consumption – CFR.21, Part 173)

Made with Safe & well-established ingredients used in
Cosmetics, Soaps, Shampoos and Laundry Detergents

Process

- Use a Foaming Sprayer
- Spray DyneCraft 7350 HF Degreaser directly on the greased and ungreated areas
- Soak the areas for 2 to 4 minutes depending on the age and amount of grease
- Pressure wash or Brush with light to moderate pressure
- Wash and Rinse of the Grease
- Inspect the Degreased Areas
- Spot treat, Spray the areas again with 7350 HF
- Repeat Washing and Rinsing

- Direct the Grease, Wash Water and Rinse Water to the Kitchen Drain or Floor Drain (permitted drain for kitchen and barbecue and associated areas)
