

BUMP

Materials:

- Dice, Spinner, OR Cards with Numbers or Practice Words
- 10 cubes for each player

Preparation: Fill in the clouds with numbers or practice words.

Directions:

Take turns with a partner. Use the dice, spinner, or cards to:

- *For Math* : Add the numbers and find the sum (answer).
- *For Reading* : Find the matching practice word and read it aloud.

Put a cube on your number or word. If another player's cube is already there, you can "bump" it off. If your cube is already there, stack a 2nd cube on top, and now no one can bump it off. If there are already 2 cubes on the cloud, it becomes a skipped turn. The player who uses up all 10 cubes first wins.
