LUXURY WITH PURPOSE

Elevating Hand & Body Care for Today's Conscious Businesses

With **re:mind**, we believe luxury and social impact can go hand in hand. Our hand and body care range is designed to elevate washroom experiences whilst aligning with the values of today's most forward-thinking businesses.

Whether you're in catering, hospitality, facilities management, or beyond, **re:mind** provides premium, sustainable, and socially conscious solutions to help your business stand out.

Luxury with Purpose—crafted for businesses that care.

Thoughtfully Crafted for a Premium Experience

Our product range is designed to revitalise the skin and uplift your senses. Each product is crafted with naturally derived, Vegan Society certified ingredients and infused with mood-enhancing essential oils to deliver a luxurious self-care experience.

Naturally Derived

Moisturising Hand & Body Wash

Cleanses and moisturises with at least 99% naturally derived ingredients.

Naturally Derived

Nourishing Hand & Body Lotion

Nourishes and hydrates with at least 96% naturally derived ingredients.

Both products are gentle on the skin and leave an uplifting fragrance to enhance your guests' experience.
Vegan Society certified | Never tested on animals | Free from synthetic dyes and artificial perfumes

Sustainability at Heart

At **re:mind**, caring for the planet is at the core of everything we do. Crafted with naturally derived and Vegan Society Certified ingredients, our formulations are gentle on the skin and the environment.

Our durable Forever glass bottles are endlessly refillable, designed to reduce waste rather than create it. Each bottle is hand-packed using upcycled cardboard waste, further softening environmental footprint. For environments where glass may not be suitable, we offer an alternative made from 100% clear recycled PET.

Through the Container Reuse Programme, 5L refill containers can be returned, washed, and reused, enabling a closed-loop system that minimises waste. At the end of their life, whether it's the Forever glass bottle, the 100% recycled PET bottle, or the 5L container, each component is designed to be as recyclable as possible—extending our commitment to sustainability.

By choosing **re:mind**, your business embraces environmentally responsible practices, aligning with today's sustainability goals and making a positive impact.

Impact Beyond the Product

Every **re:mind** purchase drives meaningful change for individuals, communities, and the planet. **re:mind** supports the creation of flexible paid work opportunities for individuals overcoming barriers to employment, such as homelessness or disability. These roles serve as steppingstones to full-time employment, building confidence and contributing to improved well-being.

At least 50% of Amplify Goods profits are allocated to mental health initiatives and wildlife regeneration projects, ensuring a lasting impact on people, communities, and the planet:

- The Amplify Goods' Quiet Changemakers project: supports the mental and physical health of individuals working on the frontlines of climate breakdown.
- Organisations like the Wilderness Foundation UK: promotes mental and physical health through outdoor activities that enhance overall well-being.

These vital programs support healthier individuals and more resilient communities across the UK.

By choosing **re:mind**, you're investing in more than premium hand and body care—you're contributing to a brighter, more sustainable future.

A Trusted Collaboration with Amplify Goods

Bunzl collaborates with Amplify Goods, a certified diverse-owned social enterprise, to bring our mission to life. Amplify Goods specialises in creating sustainable solutions for businesses, combining innovative practices with a deep commitment to social impact.

Through this collaboration, we ensure that every product reflects **re:mind**'s core values: sustainability, community support, and premium quality. From naturally derived ingredients to upcycled packaging, Amplify Goods helps us deliver luxury products that are gentle on the planet and impactful for society.

Why Amplify Goods?

Social Impact: Amplify Goods creates work opportunities for individuals facing barriers to employment, including those affected by homelessness and people with disabilities.

Sustainable Practices: They lead the way in eco-conscious packaging, using upcycled materials and reducing waste.

Local Focus: All **re:mind** products are made, assembled, finished and handpacked by Amplify Goods in the UK using cardboard waste from local businesses.

By choosing **re:mind**, you're supporting a partnership that proves businesses can thrive while doing good.

The re:mind Advantage for Your Business

re:mind products are more than hand and body care—they're a reflection of your business's values.

Elevate Your Brand: Create memorable guest experiences with premium, sustainable products.

Support Sustainability Goals: Reduce waste with refillable systems and responsible sourcing, in addition to supporting wildlife regeneration projects.

Make a Social Impact: Help support mental health initiatives, and work opportunities for vulnerable individuals.

Choosing **re:mind** means making a choice that aligns with the future of responsible business.
