⑧ Your FargoRate® is your pool skill rating. The FargoRate® App allows you to view your rating, track match history, find tournaments, and follow your progress.

Download the FargoRate® App

Apple iPhone/iPad

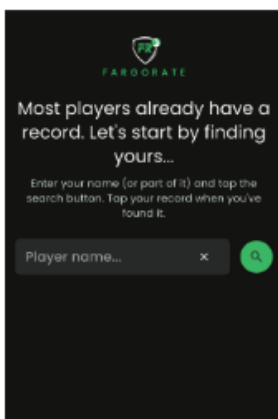

Search "FargoRate" in the App Store and install.

Android Phones/Tablets

Search "FargoRate" in the Google Play Store and install.

Claim Your FargoRate® Record

Existing USAPL, BCA Pool League, and many tournament players already have a FargoRate® record.

Claiming Your FargoRate Record

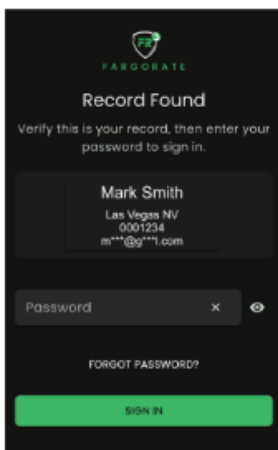

FargoRate makes it simple to claim your record and get your account set up.

1. Search for yourself.

When you first open the FargoRate app, use the search field to look up your name. Try partial spellings or variations (for example: Richard vs. Rick)—this increases the chances of finding your record quickly.

2. Confirm it's you.

If your name appears, double-check that the name, city, and state match your information. Once you're absolutely sure it's your record, go ahead and select it.

Logging In with an Existing FargoRate Account

If you already have a FargoRate account, the app will display your record along with a truncated version of your email address. **Enter your password to log in.**

If you do not remember your password, click "**FORGOT PASSWORD?**" and an email will be sent to you with a link to create a new password.

Setting Up Your FargoRate App Account

If you have a FargoRate record but no app account, the app will display your record without an email address and prompt you to create one.

1. Enter the email address you want associated with your FargoRate app account
2. Enter your desired password
3. Click “**SIGN UP**”

If You Cannot Locate Your Record

If you are unable to find your record, it may be listed under a variation or misspelling of your name. Try searching again using only the first few letters of your first and last name (for example, **Dav Ols** instead of **David Olsen**) or by trying common variations (for example, William, Bill, Will).

If you still cannot locate your record after multiple searches, you may not yet have a FargoRate record. In this case, submit a new player request as shown below.

Do not create duplicate records. Search thoroughly before submitting a New Player Request.

SUBMIT NEW PLAYER REQUEST

Submit a New Player Request

If you are certain you do not already have a FargoRate record, carefully enter your information and click “**SUBMIT NEW PLAYER REQUEST.**”

When a New Player Request is submitted, it is reviewed by FargoRate.

- If approved, the player will receive a welcome email confirming their new FargoRate record.
- If denied, the player will receive an email explanation with the reason for the denial.

MENU OPTIONS

The Home Screen

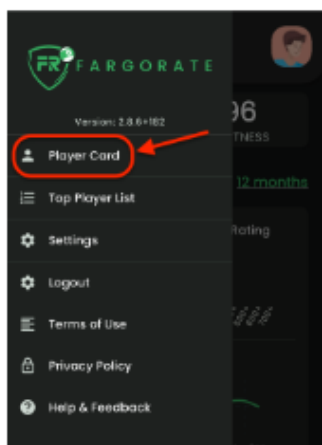

After logging in, you will be taken to your personal home screen. At the top, you will see your **rating** and **robustness** (the number of games your rating is based on).

If you have played within the last 12 months, additional player statistics will be displayed, including:

- Win percentage
- Win percentage relative to the ratings of your opponents
- Rating changes over time

You can adjust the view by clicking the “**12 months**” link to display statistics from the last **six months**.

For more options, click the **menu icon** (three horizontal lines) in the top left corner.

Using the Menu

Within the menu, you can access your membership card, top players lists, settings, and additional features.

For BCA Pool League and USA Pool League members, the **digital player card** must be shown to opponents or event staff upon request, and it is also required when registering for mini-tournaments. To view your card, select “**Player Card.**”

- **Rating** = Your FargoRate® skill level
- **Robustness** = Number of games used to calculate your rating

Player Card

Your player card displays your name, city, state, rating, robustness, and **CSI membership number**.

The barcode on the card must be scanned in order to register for mini-tournaments at CSI events.

You also have the option to upload a profile photo to personalize your card.

League Operators may request your Player Card to verify your FargoRate® and CSI Membership.

MATCH HISTORY

At the bottom of the screen, you'll see several navigation icons. These give you quick access to many of the app's key features.

Tap the **Match History** icon (it looks like two people) to view your complete FargoRate match history.

Match History

You'll see your complete FargoRate history, automatically sorted by date played.

You can scroll through your match history or use the search field to find specific opponents.

Select an opponent, then tap **VIEW MATCHES AGAINST** to see a summary of all your matches against that player.

Use the filter icon (top right) to narrow your results by game type (8-ball, 9-ball, 10-ball), table size, match type, date range, or the rating ranges of your opponents. (See screenshots below.)

⚠ Note: Your match history is private by default. However, you can choose to share it publicly. Many League Operators and Tournament Directors require players to enable this option. Tapping the share link will take you to your settings, where you can turn on Share Matches. (See screenshot below.)

Reviewing your match history is one of the best ways to track improvement over time.

Opponent History

When you select **VIEW MATCHES AGAINST** from your match history, you'll see a stat summary of all your games against that opponent, along with a detailed list of every match you've played against them.

Match History Filter

When you tap the **filter icon** (top right) in your match history, you can narrow the results by game type, table size, match type, date range, or opponent rating range. This lets you display only the matches that meet your selected criteria.

LEAGUE STATS INTEGRATION

Viewing League Stats

If your league uses the FargoRate **League Management System (LMS)**, which is provided for **free** to all BCA Pool Leagues and USA Pool Leagues, you can access your league stats and schedule directly in the FargoRate app.

Click the **fire icon** to view the **League Stats** screen.

Selecting Teams and Divisions

The first time you access the League Stats screen—or when a new session begins—you may need to select which teams and divisions to display.

At the top right, a green box shows the number of teams you are currently on in LMS. Click this box, or select **“Mark Favorite Teams,”** to choose the teams you want to view.

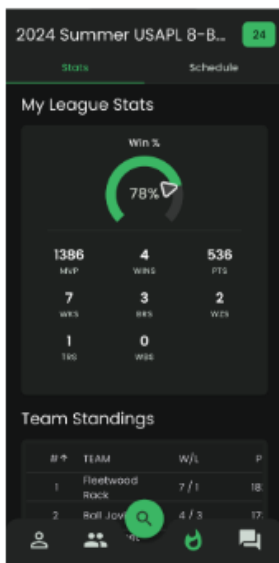

PEACHY USA POOL LEAGUE

FargoRate® App

League Manager – Ashley Arnold

 peachy@playusapool.com

 678-767-9099

After selecting a team or division, the League Stats screen will display a summary of your league activity, including:

- Your individual performance
- Team standings
- Player standings
- Additional league information

View Your League Schedule

Click the **Schedule** tab in the top right corner to view your upcoming matches.

Selecting a specific match will display both team rosters, along with each player's rating and robustness.

New Player Checklist

- ☐ Join PEACHY League
- ☐ Download FargoRate® App
- ☐ Claim FargoRate® Record
- ☐ Verify Email Address
- ☐ Add Favorite Team
- ☐ Check League Schedule

Play Hard. Have Fun. Keep It Peachy.
