

Good to know...

Piksters
An Australian owned
oral care company

How to use

Slowly insert the brush between the teeth and move in and out. Fine sizes are more likely to bend, so insert very **slowly** with a **twisting action**, or use Power Piksters (the vibration reduces the insertion force). Rinse between uses just like a toothbrush.

How often do I change my Pikster?

Typically every **3 to 7 days** depending on how much you bend the wire and how worn the bristles look.

Piksters accessories you may like...

Extension handle, Power Piksters, bathroom caddy, keychain and universal holders - all at Piksters.com

If you use two Pikster sizes, try the new double-ended **Piksters Duo** with two different sized brush heads. Compact and convenient, it's the same length as a single-ended brush. Available in 30 combinations at Piksters.com

Before use scan to watch video for information on using Piksters.

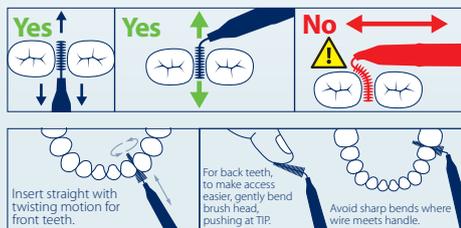

10-Pack Bag

40-Pack Box

Where to buy

- **Your dental practice** may sell Piksters.
- **In Store** - Piksters are available in almost every supermarket and pharmacy. Not all sizes are in all stores. Large pharmacies tend to have the best range. All sizes are at Piksters.com. You can also ask your pharmacy to order in your size.
- **Stocked at** Woolworths, Chemist Warehouse, Direct Chemist Outlet, Priceline Pharmacy, TerryWhite Chemmart, Amcal, Coles, Discount CincottaChemist.
- **Online:** Amazon or Piksters.com

Avoid breakage: Don't bend brush repeatedly.
