Windshield Repair or Replacement

Small Things Can Cause Big Problems!

You've been there. You're driving down the road minding your own business when a truck kicks up a rock that seems perfectly aimed at your vehicle. If you're unlucky enough to have it smack into your windshield, you could be facing a costly repair or even an expensive windshield replacement. But, with iA American Windshield Protection coverage you can feel protected knowing a repair or replacement will have you back on the road quickly.

PROTECT YOUR WINDSHIELD AND YOUR WALLET!

Windshield repair uses the proven and effective resin process. Once the repair is complete, stars, chips, and cracks are usually stopped in their tracks.

If your front windshield is determined to be unrepairable, it will be replaced with an Original Equipment Manufacturer (OEM) windshield and professionally recalibrated as needed.

BENEFITS OF WINDSHIELD REPAIR OR REPLACEMENT COVERAGE:

- Provides expert repair if a road hazard damages your front windshield
- Repairs made to small cracks, chips, or stars restore the strength of the windshield
- Resin repair improves the appearance of the damaged area
- Resin treatment prevents further damage from spreading
- If road hazard damages the windshield beyond repair, coverage pays the cost to replace the windshield
- No deductible
