PEACHY USA Pool League

BYLAWS 2026 – 2027 LEAGUE YEAR

1. League Name & Governance

The name of the league is the **PEACHY USA Pool League (PEACHY)**. PEACHY is a sanctioned USA Pool League (USA Pool League) operated under the authority of Cue Sports International (CSI).

The League Manager (LM) serves as the Local League Operator and Local Authority as defined by CSI and USA Pool League. The LM has final authority regarding interpretation and enforcement of these bylaws, subject to CSI and USA Pool League rules, policies, and procedures. Formal disputes must be submitted for review within 48 hours of the completion of the match in question unless the issue could not reasonably have been discovered during that period. Filing a protest does not automatically delay, suspend, or invalidate match results while the protest is under review, unless the League Manager determines otherwise. The League Manager's decisions are final for local league matters unless superseded by CSI or USA Pool League policy. Appeals involving rule conflicts with national governing rules may be submitted to CSI when applicable.

Except where specifically modified by these bylaws, all league play shall follow:

- CSI Official Rules
- Current USA Pool League (USA Pool League) Rules and Policies
- Current USA Pool League Player Handbook
- Current USA Pool League National Players Guide

If a Rep receives a league-related benefit or compensation, they may not receive the same benefit in another league capacity unless approved by the LM.

Team Assignment & Playoff Eligibility

A Rep may be moved to another team for league-related reasons, including balancing divisions or assisting struggling teams.

If the Rep qualified for playoffs with their original team before the move, they may participate in playoffs with that team provided:

- The roster remains eligible

- The Rep participates with only one playoff team

Team Captain

Team Captains are responsible for duties outlined in the current USA Pool League Player Handbook, including:

6. Team Fees

Standard weekly team fees are:

- \$50 per week for standard 5-player divisions
- \$80–\$100 per week for designated double-play divisions, depending on division format.

Specialty divisions may have different fee structures.

League fees are due at the end of the scheduled night of play.

Outstanding Balances

If a team has an unpaid balance:

- The team captain will be notified
- The balance must be paid before the next scheduled match
- Teams not in good standing may not participate in playoffs, Vegas qualifiers, or national events

If unpaid fees are not resolved before the next scheduled match:

- Teams with unpaid balances are ineligible to begin play unless prior approval has been granted by the LM.
- The team remains responsible for all unpaid fees

- 8-Ball divisions use Short Races
- 9-Ball divisions use Long Races

The LM may modify race formats for playoffs, special events, or league development purposes.

8. Team FargoRate® Weekly Play Limit

To promote competitive balance and player development, PEACHY uses a maximum combined team FargoRate® limit.

Weekly Team FargoRate® Limit

The maximum combined FargoRate® for the five participating players is:

2375 Total FargoRate®

This limit applies to:

- Regular league matches
- Makeup matches
- Session playoffs unless otherwise specified

PEACHY USA Pool League

BYLAWS 2026 – 2027 LEAGUE YEAR

Determining Team FargoRate®

- FargoRate® values used will be those published at the start of league play on the scheduled match date
- Preliminary and Starter Ratings assigned by the LM are considered official ratings
- Ratings are rounded to the nearest whole number

Exceeding the Limit

Teams may not intentionally field a lineup that exceeds the limit when a legal lineup is available.

Captains are responsible for verifying lineup legality before play begins.

Penalties for violating the limit may include:

- Loss of sets
- Match forfeiture
- Point deductions
- Additional disciplinary action

No Legal Lineup Available

If all available player combinations exceed the limit:

- The team must field the lowest combined FargoRate® lineup possible

10. Adding Players

Teams must notify the opposing captain before the first set begins if a new player will be added.

Failure to provide notice renders the player ineligible for that night unless the opposing captain agrees otherwise.

Player Add Deadline

- Players may be added during the first six (6) weeks of regular-session play
- Players may not be added after Week 6 unless approved by the LM for team survival purposes (such as preventing team withdrawal due to insufficient active players or being able to field a legal lineup).

Beginner Player Placement

The LM may recommend or require division placement adjustments for developing players or teams to promote:

- Competitive balance
- Player retention
- Positive league experiences

11. FargoRate® Ratings

PEACHY utilizes the FargoRate® system as required by USA Pool League.

Starter & Preliminary Ratings

- New players may receive a Starter Rating assigned by the LM

PEACHY USA Pool League

BYLAWS 2026 – 2027 LEAGUE YEAR

- Preliminary Ratings (robustness under 200) may be adjusted when clearly inconsistent with demonstrated performance, tournament history, known prior ratings, or established playing ability.

Established Ratings

Once a player reaches an Established Rating (robustness of 200 or greater), ratings may only be adjusted through FargoRate®.

PEACHY USA Pool League

BYLAWS 2026 – 2027 LEAGUE YEAR

FargoRate® Rounding

For team-limit purposes:

- Values ending in .5 or greater round up
- Values below .5 round down

12. Coaching & Timeouts

Per CSI Rule 1-41, only the shooter may officially call a timeout.

PEACHY modifies this rule for team league play:

- Any teammate may request a timeout during their team's inning
- Only the shooter may acknowledge or call a foul
- Any player may request that a hit be watched

Coaching

Allowed only during an official timeout. Strategic advice outside an official timeout is considered coaching and may be penalized. Quiet conversation is allowed only when it is not the player's turn at the table.

Timeout Limits

Each team is limited to:

- 1 timeout per game
- 3 timeouts per set
- 10 timeouts per match

PEACHY USA Pool League

BYLAWS 2026 – 2027 LEAGUE YEAR

13. Scoring Discrepancies

Scorekeepers are responsible for verifying scores after each game.

If a scoring discrepancy occurs and the players cannot accurately determine the correct result, the disputed game will be reviewed by the Rep or League Manager when possible. If no agreement exists, the Rep or LM may assign a fair remedy, including replaying the game, replaying the rack, or accepting the most credible recorded result.

PEACHY USA Pool League

BYLAWS 2026 – 2027 LEAGUE YEAR

14. Emergency Closures & League Interruptions

The LM may cancel, postpone, reschedule, or modify league play due to:

- Severe weather
- Power outages
- Host-location issues
- Public safety concerns
- Emergencies or unforeseen circumstances

15. Duplicate Player Rule (Replay)

Only one player per team may play twice during a regular-session league night.

Requirements

- Captains must disclose duplicate play before the first player is posted
- The decision must be made before the end of the match
- The selected player must be present at the location
- Duplicate play may not intentionally violate the FargoRate® limit unless no legal lineup exists

Shared Responsibility

If requested, the captain with a full lineup must identify which players are present.

Both teams may use duplicate players on the same night.

Emergency Situations

PEACHY USA Pool League

BYLAWS 2026 – 2027 LEAGUE YEAR

If a player must leave unexpectedly or becomes unavailable, duplicate play may be permitted to avoid a makeup match.

Approval of duplicate play is at the discretion of the captain with a full available lineup.

If duplicate play is declined:

- Both teams must make a good-faith effort to complete the makeup match within seven (7) days
- Forfeits should be avoided whenever reasonably possible

All scheduled league fees remain due regardless of forfeits or duplicate play.

16. Watched Hits

PEACHY follows CSI watched-hit procedures.

- Neutral third parties may watch hits
- Video review is permitted. Including Slow-motion or frame-by-frame review.
- Only video recorded by the designated hit watcher may be used for review.
- If a hit watch is not called prior to the shot, the call defaults in favor of the shooter and no video review is permitted.

17. Match Start Time

- Official Start Time: 7:30 PM
- Forfeit Time: 7:45 PM
 - The first player must be at the table, ready to play by forfeit time.
- Second-table play may not begin before 9:00 PM unless approved by the host location or Rep

PEACHY USA Pool League

BYLAWS 2026 – 2027 LEAGUE YEAR

18. Splitting Tables

Matches may be split across two tables 90 minutes after the official start time to support host-location operations.

19. Time Limits for Posting Players

Matches are expected to proceed without unnecessary delay. Excessive delay may result in penalties at the discretion of the LM.

Posting Limits

- Coin toss winner: 3 minutes to post first player
- Opposing captain: 2 minutes to respond
- All remaining sets: 2 minutes per captain

20. Shared-Night Courtesy with Other Leagues

Some host locations may have players participating in multiple leagues on the same night.

In these situations:

- Captains are expected to communicate professionally and cooperatively
- A courtesy wait period of up to 15 minutes may be extended for players actively competing in another sanctioned league match at the same location
- The courtesy wait period is cumulative per match, not per player.

If the expected delay exceeds 15 minutes:

PEACHY USA Pool League

BYLAWS 2026 – 2027 LEAGUE YEAR

- The opposing team may choose to wait
- The team may instead select another eligible player
- Duplicate-player procedures may be used when permitted under Section 15

In these situations, makeup matches are not permitted solely due to dual-league participation.

21. Unsportsmanlike Conduct

All conduct issues will be addressed in accordance with CSI Rule 1-45.

PEACHY is committed to providing a welcoming and respectful environment for players of all skill levels.

Players, captains, Reps, and spectators are expected to:

The LM may address conduct considered harmful to:

- League growth

The LM or designated Rep may impose a 45-second shot clock on one or both players when excessive slow play is observed.

Examples:

- repeated >45 sec routine shots
- pattern of excessive delay

23. Makeup Matches & Tie Procedures

Makeup Matches

All makeup matches or sets must:

- Be approved by the LM
- Be completed within seven (7) days of the original match date
- If teams cannot agree to schedule for the makeup, the LM will determine which team is awarded the forfeit.

Tie Procedures

PEACHY USA Pool League

BYLAWS 2026 – 2027 LEAGUE YEAR

Ties at the end of a session will be resolved using current USA Pool League procedures as interpreted by the LM.

National eligibility and rules interpretations governed by CSI/USA Pool League remain subject to applicable CSI/USA Pool League appeal procedures.

24. Bye Weeks

Every reasonable effort must be made to avoid forfeits.

26. Drop-Out Teams

Teams dropping out remain financially responsible for the session balance minus:

- Administrative fees (\$5 per week)

33A. Inaugural Session Exception — Fall 2026 Only

Because PEACHY USA Pool League begins operations with the Fall 2026 session, a special qualification exception applies for the 2027 USA Pool League National Championships.

Under standard USA Pool League procedures, qualification for National Championship team events is earned through performance during the prior calendar year and typically culminates in Go To Vegas Tournaments (GTVTs).

Because PEACHY will not have completed a full three-session qualification cycle prior to the 2027 National Championships, the normal GTVT qualification process is suspended for the inaugural Fall 2026 session only. Instead, teams and players qualifying through the Fall 2026 session playoffs and

PEACHY USA Pool League

BYLAWS 2026 – 2027 LEAGUE YEAR

designated qualification events will earn direct eligibility for the 2027 USA Pool League National Championships.

Beginning with the Spring 2027 session, PEACHY will follow the standard qualification cycle:

- Spring 2027 Session
- Summer 2027 Session
- Fall 2027 Session

These three sessions will seed eligibility for Go To Vegas Tournaments held in January 2028, with winners advancing to the 2028 USA Pool League National Championships.

The League Manager retains authority to determine qualification details necessary to comply with USA Pool League and CSI requirements.

34. MVP Go to Vegas Tournament

Except for the Fall 2026 inaugural session as described in Section 33A, the following qualification rules apply. Each session, the top three players in each rating group (Platinum, Gold, and Silver) earn entry into the MVP Go to Vegas Tournament. The event is conducted as a true double-elimination tournament.

If a player already qualifies, the next eligible player receives the qualification.

Eligibility Requirements

Players must:

- Be active PEACHY members
- Have played at least eight (8) weeks during the Fall Session

PEACHY USA Pool League

BYLAWS 2026 – 2027 LEAGUE YEAR

- Be verified as eligible by the League Manager prior to play

- May be conducted throughout the year
- Will be scheduled at least once per session
- Are run for each rating group (Platinum, Gold, and Silver)
- Require a \$20 entry fee
- Are single-elimination events
- Use short races

PEACHY USA Pool League

BYLAWS 2026 – 2027 LEAGUE YEAR

- Have at least 20 FargoRate® robustness at the time of the event
- Remain active in PEACHY during the following Spring Session

Examples:

- 4 players = 1 qualifier
- 8 players = 2 qualifiers
- 12 players = 3 qualifiers

36. Singles Go to Vegas Tournament

All money collected from Singles Qualifiers will be used for:

- Vegas tournament entry fees
- Travel assistance

Participation levels determine the number of players receiving assistance.

37. USA Pool League National Championship Eligibility

Eligibility for USA Pool League National Championships is governed by the current USA Pool League National Players Guide and any additional official USA Pool League or CSI policies in effect at the time of the event.

The National Players Guide supersedes any conflicting local language.

Teams qualifying for the USA Pool League National Championships must comply with all current USA Pool League roster and substitution rules in effect at the time of the event.

This includes, but is not limited to:

- The team's five (5) designated core players fitting within the applicable maximum combined team FargoRate® limit required by USA Pool League.
- Any substitute player used during National Championship competition may not have a FargoRate® higher than the core player being replaced.

PEACHY qualification for Vegas or National Championship events does not guarantee final roster eligibility. Teams are responsible for ensuring their final roster complies with all current USA Pool League national event requirements.

If a qualified team cannot field an eligible roster, the League Manager may require roster adjustments or declare the team ineligible for that event.

38. Player Referral Program

PEACHY encourages league growth through player referrals.
