Dear Friends,

Across Cuyahoga County, too many families are struggling to meet their most basic needs — including access to healthcare and healthy food. At Partnership for Good Health, we believe every person deserves basic needs to live a healthy life.

A Night at the Derby brings together community members, businesses, and friends for a celebration that makes a real difference right here in Cuyahoga County. This annual fundraising event draws more than 200 guests for an evening of food, drinks, friendly competition, raffles, and Derby-inspired fun — all while raising essential funds to support the impactful work of Partnership for Good Health in our community.

Your support can help us continue vital programs — like our Community Health Worker program — providing healthcare navigation, health education, and guidance to refugee and immigrant families facing language barriers. With funds raised, we plan to expand the number of community members served to ensure more can connect to the care and resources they need.

We have created several meaningful ways to get involved — from Trackside Sponsors, who receive event tickets and lead the charge as our premier event partners, to Infield Sponsors, who support the experiences that make the night unforgettable. Our Grandstand Sponsors round out the celebration, showing community spirit and generosity at every level. For those who prefer a mission-first approach, our Good Health Champion level allows supporters to give at any dollar amount with no benefits included. Every sponsorship strengthens our mission while offering recognition and visibility throughout the event and beyond.

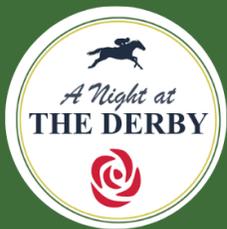

To reserve your sponsorship or learn more, please contact me by email or phone. Sponsorships can be paid by check or using our secure online system: <https://secure.qgiv.com/for/haagw4>

With appreciation,

Sara Doran, RN
