# Case Study

## Secondary School and Sixth Form Transformation

The school wanted a learning environment that sparks creativity and enhances the student experience. Forward Education brought this vision to life, refreshing study and social spaces with modern designs tailored to the students' needs. From consultation to installation, we handled every detail to make the process effortless. Collaborating with students ensured the final design met their expectations, creating spaces that inspire and energise.

## Useful things to remember!

All classroom and office furniture is made to order so it is important to ensure that the correct size and type of furniture is ordered.

Delivery times fluctuate throughout the year with lead times being extended during peak months (June to September).

## Important Ordering Information!

To ensure your furniture ordering experience is as seamless as possible, please carefully read through the following important checklist...

### 01 Order early

Place your order as early as you can to avoid extended lead times during the summer months.

### 02 Check your order

Ensure you are ordering the correct dimensions and colours. Products are made to order so any returns or amendments after an order is confirmed may incur an extra charge. Sizes should also be checked to ensure that the correct size is ordered to suit the correct age group.

### 03 Contact details

Please supply contact name(s) and mobile phone numbers on all orders. This helps us book deliveries or to call the correct contact during school holidays.

### 04 Opening times

Please advise opening times if you are expecting a delivery within school holidays. These details will be used to install or deliver the goods on a convenient date.

### 05 Prepare for the delivery

Remember to keep hold of your old furniture until your new goods arrive, just in case any delays or issues occur. Ensure that there are staff available to receive the delivery as some courier policies are to deliver to the nearest undercover area so some items may need to be moved to the relevant part of the school.

### 06 Delivery

Some deliveries will be made by pallet via third party couriers within the pallet network and are curbside delivered. Please inform us before placing your order if this is an issue and we will discuss alternative transport options and any relevant costs. Please note, it is the customer's responsibility to remove or dispose of any packaging, including the wooden pallet itself.

### 07 Returns

Please note, furniture is made to order and is therefore generally non-returnable if it has been supplied as per your order. Some suppliers may agree to collect and exchange an item but will usually charge a restocking fee. If it is necessary to return any furniture items then please contact our customer services team on 01527 878348 or email [sales@forwardeducation.co.uk](mailto:sales@forwardeducation.co.uk).

#### Environmental Policies

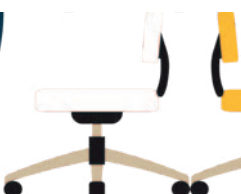

We take our share of responsibility in caring for the environment. That's why many of the products in this catalogue are produced from recycled materials; look out for the familiar symbol. We source copy paper from sustainable sources. Even this catalogue is produced from FSC accredited paper!

#### Terms and Conditions

We extend automatic credit accounts to local authority sponsored organisations. Terms of payment are 28 days following date of invoice. All prices are net and subject to VAT unless otherwise stated.

**Prices are correct at time of printing and are subject to change without notice - please check our website for current pricing.** Goods are offered subject to availability and are supplied subject to our full terms and conditions, a copy of which is available on request.

# Educational Furniture Height Guide

Selecting the correct table and chair heights is essential for student comfort and posture. This guide follows British and European Standards (BS EN 1729) to help you make the right choice.

## When choosing furniture we recommend you:

-  **Measure student heights** – Pupils' heights can vary across year groups, so take measurements for accuracy.
-  **Check stature and popliteal height** – These key measurements (explained below) will help you match students to the correct furniture size.
-  **Match with our height guide** – Use the diagrams below to find the right table and chair heights.
-  **Check existing furniture if replacing** – If you're matching new pieces to current furniture, measure their heights and specify them when ordering.

## Standing & Working Heights

Size Mark	Age Range	Popliteal Height Range	Stature Range	Table Height	Chair Height
1	Nursery (3-4 years)	250 - 280mm	930 - 1150mm	460mm	260mm
2	Primary (4-6 years)	280 - 315mm	1080 - 1210mm	530mm	310mm
3	Primary (6-8 years)	315 - 355mm	1190 - 1420mm	590mm	350mm
4	Primary (8-11 years)	355 - 405mm	1330 - 1590mm	640mm	380mm
5	Secondary (11-14 years)	405 - 435mm	1460 - 1765mm	710mm	430mm
6	Secondary/Adult (14+)	435 - 485mm	1590 - 1880mm	760mm	460mm

### Popliteal Height

Popliteal height defines the correct seat height. The measurement is taken from the floor to the back of the knee when seated, with thighs horizontal and lower leg vertical with feet flat to the floor.

### Stature

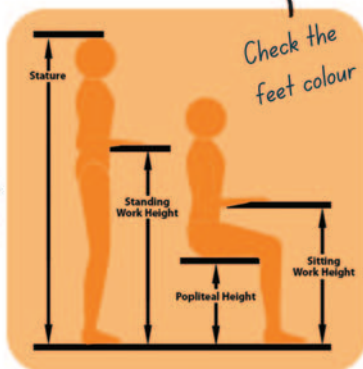

Stature is from floor to the top of the head.

### Sitting Work Height

Sitting work height defines the correct table height. The measurement is determined by sitting elbow height, which is the distance from the floor to the underside of the elbow whilst sitting with the upper arm vertical and the lower arm horizontal.

### Standing Work Height

Standing work height is determined by standing elbow height. The distance from the floor to the underside of the elbow with the upper arm vertical and lower arm horizontal.

## Sienna Height Adjustable Desks

Sienna height adjustable desks are made in Europe with a minimalistic design and a reliable dual motor mechanism. Our three stage lifting column allows for an incredibly long stroke to cater for the smallest to the tallest user and with a 38mm per second movement you can get from sitting to standing in seconds.

- 2 stage single motor
- 628 - 1280mm height adjustment
- 5 year parts guarantee on electric components
- 10 years parts on wooden components
- Accepts standard screens with C clamp
- Only small pedestals will fit desk at lowest height
- High underdesk pedestals can fit providing desk is not lowered to lowest setting (or ideally programmed through software)

## Sienna Modular Storage System

Flexible working has introduced the need for spaces that encourage collaboration. The adaptive, modular design of the grid means that it can be reconfigured quickly and easily to suit the ever-changing needs of the office space. The basic building-blocks of the grid can be connected to create a framework entirely of your design, which can then be customised with accessories to enhance its functionality.

This collection offers a customisation for each office space making it both functional and stylish. By combining alcoves, lockers, shelves and cupboard space, Sienna provides ample storage as well as creating a focal point for your office.

The ideal solution for creating open spaces whilst still maintaining a degree of privacy. A wall of storage gives you a distinctive yet accessible space. Components are available in all of our wood and metalwork finishes.

Modular storage tailored to evolving office needs. Combines lockers, shelves & cupboards for versatility. Creates open spaces while maintaining privacy.

### Forward Education

"We are absolutely delighted with our new DT and Art spaces! The team were professional, friendly, and incredibly efficient throughout the project. They listened carefully to our needs, offered helpful suggestions, and worked flexibly to minimise disruption. Thanks to their hard work and organisation, the refurbishment was completed ahead of schedule—an unexpected bonus! The quality of the finish is excellent and the transformation has made a real difference to our school. A special mention to Andy, who was excellent and available throughout the whole project, giving a truly personalised feel to the process. His support and attention made the experience even better. Highly recommended"

- All lockers come as standard with Activecoat anti-bacterial powder coating
- All plastic components used in the manufacturing incorporate a silver based anti-bacterial agent
- Activecoat developed in conjunction with Dupont

- Ergonomic Card Holder incorporating a lock cover which protects the lockers from key scratches

- Vent system allows each compartment to 'breathe'

- Even the standard lock has a micro sprung 10 lock featuring a massive 3000 serial combinator

- Every locker has a full strengthener welded into each door to increase security

- Between each compartment the locker has a welded plinth. This makes each compartment totally separate and increases structural rigidity

- High visibility key, making identification easy. Hasp and staple locks for padlocks are also available

All lockers meet:

## Lockers

**We love them! Endless possibilities...**

- The perfect way to hold staff/personal belongings in a safe and accessible way
- Wood finishes, bright colours, colour coded doors - there are endless opportunities
- Lockable or non-locking options
- Tall compartments for space efficiency or low ones that double up as worktop space

- Have you thought about lockers instead of pedestals?
- An excellent way to enable hot desking and at the same time save valuable space!

Bespoke Ash built in lockers

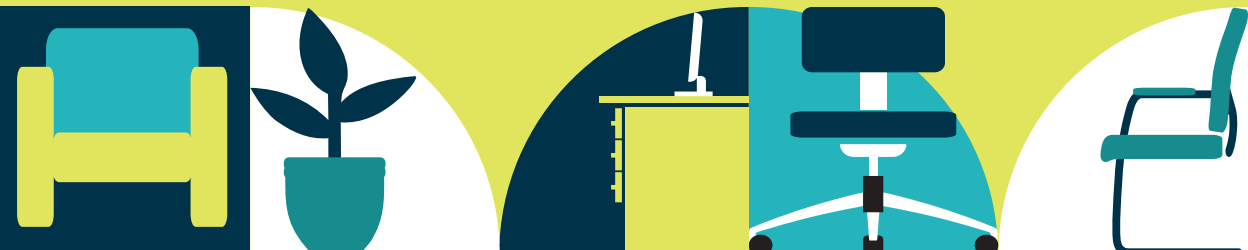

Low level lockers also act as a perfect worksurface for a variety of activities.

## Important Ordering Information!

To ensure your furniture ordering experience is as seamless as possible, please carefully read through the following important checklist...

### 01 Order early

Place your order as early as you can to avoid extended lead times during the summer months.

### 02 Check your order

Ensure you are ordering the correct dimensions and colours. Products are made to order so any returns or amendments after an order is confirmed may incur an extra charge. Sizes should also be checked to ensure that the correct size is ordered to suit the correct age group.

### 03 Contact details

Please supply contact name(s) and mobile phone numbers on all orders. This helps us book deliveries or to call the correct contact during school holidays.

### 04 Opening times

Please advise opening times if you are expecting a delivery within school holidays. These details will be used to install or deliver the goods on a convenient date.

### 05 Prepare for the delivery

Remember to keep hold of your old furniture until your new goods arrive, just in case any delays or issues occur. Ensure that there are staff available to receive the delivery as some courier policies are to deliver to the nearest undercover area so some items may need to be moved to the relevant part of the school.

### 06 Delivery

Some deliveries will be made by pallet via third party couriers within the pallet network and are curbside delivered. Please inform us before placing your order if this is an issue and we will discuss alternative transport options and any relevant costs. Please note, it is the customer's responsibility to remove or dispose of any packaging, including the wooden pallet itself.

### 07 Returns

Please note furniture is made to order and is therefore generally non-returnable if it has been supplied as per your order. Some suppliers may agree to collect and exchange an item but will usually charge a restocking fee. If it is necessary to return any furniture items then please contact our customer services team on 01527 878348 or email [sales@forwardproduct.co.uk](mailto:sales@forwardproduct.co.uk).

## Useful things to remember!

All classroom and office furniture is made to order so it is important to ensure that the correct size and type of furniture is ordered.

Delivery times fluctuate throughout the year with lead times being extended during peak months (June to September).

A photograph of an outdoor courtyard area in front of a brick school building. The courtyard is paved with light-colored tiles and features several sets of outdoor furniture. In the foreground, there are two sets of rectangular wooden tables with black metal frames and matching wooden benches. In the middle ground, there are three round wooden picnic tables with black metal frames and attached wooden benches. The background shows a two-story brick building with large windows and a white pillar. An orange banner is in the top right corner, and a yellow banner is in the bottom left corner.
