PRESTIGETM
SELECT

TOMY is pleased to announce BOTH vintage 4WD tractors will be the second offerings in the Case IH Prestige Select series. These one time production run units are the 1:16 Steiger® Tiger IV KP-525 and the 1:16 Case International™ 9190 (sold separately).

Starting in 1984, the real units were first produced as the Steiger Tiger IV KP-525 tractor. Following Case International's purchase of the Steiger tractor company the tractor was then produced as the Case International 9190 in 1987. The replica 4WD tractors will be constructed with die-cast front and rear bodies, die-cast cab, die-cast hood, and soft feel tires mounted on die-cast dual wheels. Clear cab windows will reveal the detailed cab interiors. The tractors will feature articulated steering, opening hood to reveal the engine detail, opening cab doors, realistic hydraulic hoses detail, and accurate rear hitch. TOMY reserves the right to limit quantities.

**If minimum production quantities are not reached, orders will be canceled.
One time productions - Tooling will be destroyed after production.**
